```
1    import ListItem from "./ListItem";
2
3    const List = ({ items }) => {
4        return (
5            <ul>
6                {items.map(item => (
7                    <ListItem key={item.id} item={item} />
8                ))}
9
10           </ul>
11       )
12   }
13
14   export default List
```
